

80 LPA → 1 CR Integrated Study Guide

MERN MASTERY · 1 CR PRODUCT PREP · HARSH VARDHAN GUPTA

 **Study window:** 17 Aug 2026 - 14 Feb 2027 (Days 1-182)

 **Your slots (IST):** Mon-Fri **7:30-8:30pm** & **9:00-10:00pm** · Sat-Sun **9:00am-12:00pm, 3:00-5:30pm, 6:00-8:30pm**

 **Calendar reminders:** harsh.gupta@getreelax.com – import `calendar/mern-mastery-study.ics`

Read AFTER `00-LEARNING-PATH-COMPLETE.pdf` — this adds depth without skipping basics.
For ~1 CR product loops (question types, company-tagged DSA, product HLD, months 7–9) also read `20-1cr-product-company-complete.pdf`.

Core principle: layered progression

Basics (Month 1–2)	→	Production (Month 3–4)	→	DSA+LLD (Month 5)	→	SD+Distributed (Month 6)
↑		↑		↑		↑
Never skip HTML/CSS/JS		Networking here before system design		DS fundamentals before hard DSA		Prerequisites for before Kafka/K8s

30 LPA becomes easy when you can pass 80 LPA bar in DSA + system design + distributed concepts.
